ABOUT INIA

Training | Intelligence Sharing | Partnerships

The **International Narcotics Interdiction Association (INIA)** has been a leader in law enforcement training and collaboration for more than 35 years. Founded in the early 1990s and formally incorporated in 1997 as a nonprofit organization, INIA was established to bring together law enforcement professionals from around the world to combat narcotics trafficking and transnational criminal organizations through training, intelligence sharing, and partnerships.

Our annual training conference has grown into one of the premier interdiction and investigative training events in the world, bringing together officers, agents, prosecutors, analysts, and industry partners in one focused environment.
